I received your letter dated August 13, 2013 with the attached email. I apologize, but had not received the email. I went to my email account and searched your name and found your email in my spam folder. In any event, your email is correct, the expenditure referenced was a return of the unspent money to me. I accepted no outside contributions in my campaign and the entirety of the remaining funds in my campaign account was less than I had contributed.

I went to IDIS and attempted to amend my final report, but could not do it. I do not know if it would not allow me or if I am just not proficient at using the software. I am hopeful that this email will resolve the issue, but I am willing to take whatever additional steps may be necessary. Please let me know. I will check my spam folder daily in the event that you respond and it is filtered again. I can also be reached at 618.267.3265. Thank you for your consideration and I apologize for my initial filing error and it not getting corrected sooner.

**Subject:** Committee to Elect Stephen Friedel

On the Committee's Final Report under Part 8 Expenditures. The Committee needs to change the description from reimbursement to what appears to be a return of contribution not exceeding the contribution amount to the candidate. You can amend the report or send me written correspondence stating this.

Thank you!
