Dear Ms. Steward:

We are in receipt of your letter dated July 22, 2014 regarding failure to file our Quarterly Report. Please be advised that the report was filed in good faith in a timely manner and due to an issue with our computer system, the electronic transmittal failed. The person responsible for filing the election reports went on paid vacation the day after filing said report unaware that the report was not received by the State Board of Elections. The report was re-filed the day she returned.

Thank you for your attention to this matter.

Sincerely,

Crysta Weitekamp, President
Springfield Political Action Committee for Education
Springfield Education Association
