RE:

16th Ward Reg. Dem. Org.

My name is Deborah Turner, and this correspondence is in reference to any delinquent finance reports from the 16th Ward Regular Democratic Organization. Mr. James Evans contacted me to discuss the matter. Prior to June 2007, the 16th Ward had been in compliance on all reports due. I had the responsibility for filing all reports to the Board of Elections and worked very closely with Shanti, Tom Clooney, Dee and Andy to ensure that they were timely and accurate. The last reports I recall preparing were during the 2007 campaign/election and they were time sensitive, possible A-1's.

In July 2007, I received a call from Andy informing me that the reports for that period had not been filed. I informed Andy that we had lost the election, staffs' last day was May 18, 2007 and all mail had been forwarded prior to our last date of employment.

I also informed Andy that I would not have a problem completing the report but can't do, because I have not had any records for that period since the 2007 election. Unfortunately, as I previous said my hands are tied.

I am open to any suggestions as how best to resolve this matter.

Please add this correspondence to the 16th Ward Regular Democratic Organization File.

Thank you in advance.
