1162-10

Ms. Patrick:

Further to my email of yesterday I have amended the notation on the 2nd Q IDIS report on the Subject issue to indicate the occupation and employer of our contributor Mr. Vowell. Mr Vowell, as noted, is a diplomat in the employ of the US Agency on International Development.

The IDIS system did not trigger a new report when I entered this new data. I will call you on Monday morning to be sure I have handled this properly.
