

This issue has been addressed several ^{2017 times} with this office. We do our very best to get everything to you all on time. We have even held checks and put paperwork in the mail a few days before. If it still does not work, there is times our mail is not picked up for 1 or 2 days, complaints have been filed with the post office, and when it is I do not think it gets to the post office the same day.

Therefore the 3 days late issue is silly, but did not have the time nor money to fight with you all. There are also the times when our mail gets dropped off at a neighbors house three miles away.

As for the amended D-2 we sent, you all mailed us a letter saying it did not need amended. The reason the donation was not on the original was because it did not reflect in our bank account. We report everything and have every cent accounted for down to the last solo cup bought by this committee. You have made it impossible for my wife and I to continue growing this committee. Therefore you all have accomplished what you intended to. Jeff Stafford and Brandie Stafford are both resigning our positions with this committee, we are also sending letters to the IOCCA and DFI stating all this and filing a complaint with the AG of Illinois and Governors office and staff.

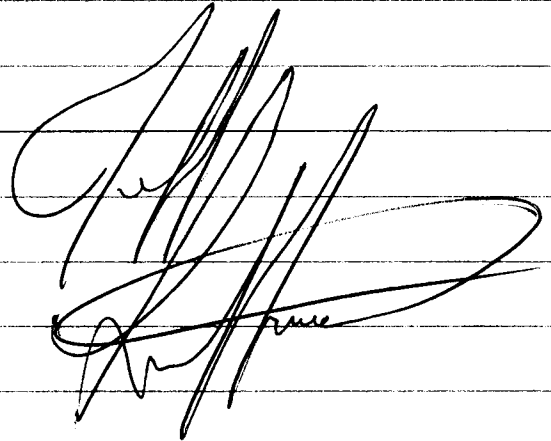

I am proud of the progress I have made with this committee. Started with the passing of a good friend and chairman Larry, was handed to our vice chair whom was in the early stages of dementia. I took over, got all our paperwork current and started building membership. Old meetings had 4 or 5 people in attendance and current we have 15 to 20 with meetings every month. I am sure you all in this office will get a big laugh out of all this, and I hope it helps someone's day, but I don't think it's funny. Honestly feel picked on. We do not have fancy electronic stuff to help us site staff have to depend on the world. Even if we did have a fax machine, if it rains the phones are out down here. This committee has no money to speak of and every time we do get a little you all want a cut. Makes sense to attack the small organizations though, they have no money to fight you all, mean will the large money offenders if you will get swept under the table. I find all this concerning and serious,

My wife and I both leave for work at or about 5:00 A.M. six days a week and get off at 5:00 P.M. Monday through Saturday. We have 5 kids, that requires the rest of my wife's time in the evening. I also farm and am on the ~~the~~ E-Board of IUOE Local 318. I am also the foreman of my job. Due to the passing of BOTTT great ladies that took care of anything we needed notarized after hours, it is not possible for me to get this done. There is nothing available in our county after 4:30 P.M. gates are locked and carpet is rolled up.

Please make sure all your E-board
and members read this, office staff as
well. Hope you all sleep well after reading
this. This board has caused a committee to
die.
