**RE: Illinois Public Information Request, 5 ILCS 140 *et al.***

Dear Mr. Dietrich:

Pursuant to the Illinois Freedom of Information Act, please consider this a formal request for documents. The request for documents is attached hereto as Exhibit A.

In order to help to determine my status to assess fees, you should know that I am an attorney at Jackson Walker LLP representing a defendant in a civil action, and this request is made to gather information related to the civil action and not for a commercial use.

I am willing to pay fees for this request up to a maximum of \$1,000.00. If you estimate that the fees will exceed this limit, please inform me first.

If you expect a significant delay in responding to this request, please contact me with information about when I might expect copies or the ability to inspect the requested records. If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law. Where possible, please provide responsive material in an electronic format by email. Upon request, I am happy to provide search terms to aid in the agency's search for responsive documents. Please feel free to contact me to discuss production format, timing, and manners in which it may be possible to streamline in an effort to reduce the burden of complying with this public records request.

Thank you for your time and consideration.

Sincerely,

Tori Blue Coates
